

SEPTEMBER 2, 2017 - 3:00 PM

UPDATE FROM MAYOR DAVID RUTLEDGE

ROAD STATUS

We continue to have water on some of our City streets. Water will be present for a few more days. Don't move barricades and don't drive past them. Please drive safely and responsibly.

SOUTHBOUND 87 TO THE NECHES RIVER:

- Water on road for the next few days, so slow down, allow yourself plenty of time. The Rainbow Bridge is closed because of this; however the DPS says they will maintain contraflow over the Veterans Memorial Bridge during this time. Drive carefully in this area. We got used to contra flow while the Rainbow Bridge was under construction, but people from out of the area are coming through - so be alert.

NORTHBOUND 87 OUT OF TOWN TO ORANGE:

- Still has some water on it in both directions from Victory Gardens to Chemical Row
- The best route to Orange is up 62 to 105 then back to Orange.

HWY 62

- Reports say there are passable lanes in each direction.

I-10 FROM VIDOR TO ALL POINTS EAST

- Interstate is open
- Neches River Bridge in Beaumont is still closed

For further information on road closures, go to www.drivetexas.org
